

AKIJ RESOURCE

Who we are...

AKIJ Resource upholds the legacy of Sheikh Akijuddin, a pioneering industrialist whose entrepreneurial journey began in the 1940s. From modest beginnings in jute trading, he laid the foundation for what would become the AKIJ Group, one of Bangladesh's largest and most diversified conglomerates. His dedication to quality, resilience, and nation-building continues to inspire our work, shaping industries across Bangladesh.

Under the guidance of Sheikh Jasim Uddin, an Electronics and Computer Engineering graduate from the University of Surrey, UK, AKIJ Resource embodies a dynamic fusion of traditional values and cutting-edge technology.

Sheikh Jasim Uddin's AI-first, mobile-first, and cloud-first strategies drive our transformation, allowing us to deliver unmatched products and services while prioritizing environmental stewardship, social impact, and customer satisfaction.

AKIJ Resource leads the building materials industry, operating across diverse sectors to meet the needs of millions across Bangladesh and beyond. With an extensive portfolio spanning cement, steel, food commodities, travel & tourism, agro-feed, IT, logistics, and shipping—where we have a secondary base in Singapore—our expansion is truly global.

AKIJ Resource proudly operates 16 state-of-the-art manufacturing units driven by our commitment to innovation and pushing the boundaries of quality to create products that serve society and protect the environment.

Our strategic partnerships with leading banks—including SCB, HSBC, CBC, EBL, Prime, Jamuna, City, MTBL, DBL, DBBL, and BRAC support our financial strength, while our impressive annual revenue of over BDT 10,000 crore and profitability across all Strategic Business Units underscore our fiscal stability and growth potential.

At the heart of AKIJ Resource are our 7,000 dedicated employees, whose expertise and innovation are the engines of our success. Join us in shaping a sustainable, prosperous future—whether as a collaborator, investor, or valued partner—in our shared journey toward excellence and growth.

AKIJ Building Solutions Limited

'Aiming to be the one-stop solution provider for all building materials'

AKIJ Building Solutions Limited (ABSL) started its operations two decades ago, keeping a focus on the basic human needs of shelter and living. The ABSL primarily focuses on producing cement, ready-mix concrete, steel, and stone chips, all of which are crucial for the development of infrastructure in the country.

Our vision for AKIJ Building Solutions Limited is to be the one-stop solution provider for all the building material needs of our valued customers. We are committed to providing the best quality service to our clients while making their experience enjoyable.

Our principles

Efficiency: a one-stop solution for all building material solutions to optimize efficiency.

Sustainability: reduce carbon footprints with energy-efficient plant design.

Flexibility: easily adapts to current and future usage requirements.

Wellbeing: a standard environmental condition for the worker.

AKIJ Cement Company Limited

AKIJ Cement Company Limited (ACCL) started its journey in 2002. It is one of the largest strategic business units of AKIJ Resource. ACCL is the first company to introduce vertical roller mill (VRM) technology in Bangladesh with the objective of offering the best-quality cement to homebuilders.

AKIJ Cement has gained the trust and confidence of the Individual Home Builders (IHB) for its uncompromising quality. ACCL produces both OPC (CEM-I), and PCC (CEM-II/A) for its customers. All the products comply with BDS and ASTM standards.

AKIJ Cement is the only cement company in Bangladesh that produces 'Fly-Ash Free Cement'. This ensures more strength for the structure and helps prevent cracks and corrosion and also a superior finish.

ACCL never compromises on quality or client satisfaction. AKIJ Cement is recognized as a premium cement brand and is being sold at a premium price. IHB, masons, and engineers prefer AKIJ Cement to be used for casting in the foundation of any structure.

Why AKIJ Cement?

- The latest vertical roller mill (VRM) technology from Loesche, Germany, and FLSmidth, Denmark, ensures consistent quality.
- We provide in-house marine and inland logistics support that ensures the availability of high-quality raw materials.
- Large distribution network ensuring timely delivery.
- The laboratory is highly equipped for testing.
- Experienced people maintain the process, ensuring quality service.

AKIJ Ready-Mix Concrete

AKIJ Ready-Mix Concrete (ARMC) is renowned for delivering consistent high-quality concrete solutions. Backed by state-of-the-art equipment and the expertise gained from the long-serving history of AKIJ Cement it has built a strong reputation in the market for reliability and excellence.

AKIJ ReadyMix Concrete began its journey in 2016 and quickly became a vital part of AKIJ Resource's building solutions cluster. With a commitment to quality, efficiency, and innovation, it has established itself as a trusted name in the construction industry.

Ready-mix concrete is an essential material for nearly all types of construction today, including buildings, roads, highways, bridges, and culverts. Its exceptional strength, durability, and versatility make it ideal for creating long-lasting and resilient structures.

AKIJ Ready-Mix Concrete offers a reliable, durable, and eco-friendly solution for meeting the structural construction needs of its customers. Delivering a consistent, high-quality product, it is engineered to endure heavy loads and environmental stresses while requiring minimal maintenance. Its heat-absorbent properties aid in temperature regulation, and its water-resistant characteristics provide robust protection against moisture-related damage. Furthermore, its non-combustible nature enhances fire safety, making it an ideal choice for a wide range of construction projects.

ARMC supplies high-quality concrete from strategically located plants, maximizing coverage and ensuring timely delivery. AKIJ Ready-Mix Concrete produces concrete with a comprehensive strength range of 2,500 psi to 6,500 psi and above, utilizing premium-quality cement to guarantee desired strength and meet customer requirements. With a fleet of over 65 mixer trucks and more than a dozen concrete pumps, we are fully equipped to uphold our commitment to prompt and reliable delivery for our customers.

Why AKIJ Ready-Mix Concrete?

- In-house logistics support helps ensure the availability of high-quality raw materials
- Consistent product quality is ensured through the latest technology
- Right location of the plant ensures timely delivery
- Experienced people maintain the process, ensuring quality service

AKIJ Ispat

AKIJ Ispat commenced its operations in both corporate and enterprise sectors on January 1, 2023, following the integration of advanced machinery into its production line. This strategic upgrade enables the company to deliver high-quality products to its customers, ensuring superior performance and reliability.

Specializing in the production of steel bars, AKIJ Ispat plays a vital role in reinforcing concrete for a wide range of structures, including high-rise buildings, industrial plants, roads, bridges, culverts, and flyovers. Utilizing premium low-carbon steel billets, the company manufactures robust and safety-certified steel bars, such as B420 DWR and B500 DWR, which meet stringent quality standards. With a commitment to excellence, AKIJ Ispat continues to contribute to the development of durable and resilient infrastructure.

Why AKIJ Ispat?

- In-house marine and inland logistics support ensures the availability of high-quality raw materials
- Consistent product quality
- Large distribution network ensuring timely delivery
- Experienced people maintain the process, ensuring quality service

AKIJ Successors (Stone Chips Supplier)

The Successors (M/S The Successors) is a leading supplier of high-quality construction stone chips, recognized as one of the finest in the industry. Specializing in the supply of both fine and coarse aggregates, MTS plays a pivotal role in providing essential building materials for construction projects, alongside cement, steel, and other critical resources. With a steadfast commitment to excellence, MTS is dedicated to delivering unparalleled service and premium-quality products to meet the diverse needs of its customers.

MTS sources well-graded stone chips from the most reputable quarries in the UAE, Oman, and Thailand to ensure the highest standards. Leveraging its fleet of ocean-going mother vessels, the company guarantees efficient and timely delivery of materials, maintaining a seamless supply chain.

By aligning with customer demands and adhering to stringent quality requirements, MTS continues to solidify its reputation as a trusted partner in the construction industry, driving success and innovation in every project it supports.

Why MTS?

- In-house marine and inland logistics support helps ensure the availability of high-quality raw materials
- Consistent product quality
- Large distribution network ensuring timely delivery
- Experienced people maintain the process, ensuring quality service

AKIJ BuildXpert

AKIJ BuildXpert offers comprehensive, end-to-end solutions that address every aspect of building needs—from planning and design to construction material management, material testing, training in civil and architectural engineering software, and digital surveying services.

AKIJ BuildXpert, powered by the collective expertise of AKIJ Cement, AKIJ Ready-Mix Concrete, AKIJ Ispat, and AKIJ Successors, delivers groundbreaking and sustainable building solutions that seamlessly blend innovation, reliability, and cutting-edge technology.

With a vision that extends beyond the present, AKIJ BuildXpert is committed to project management, green building design, and the integration of smart technologies, paving the way for a more sustainable future. We prioritize quality, safety, and innovation, transforming architectural concepts into enduring legacies.

TRADING

AKIJ Commodities Limited

AKIJ Commodities Ltd. officially commenced operations on July 10, 2023, as the food commodities enterprise of AKIJ Resource. As a leading player in Bangladesh's commodity trading market, the company upholds a legacy of expertise and a commitment to excellence in import-based commodity trading.

AKIJ Commodities Ltd. primarily focuses on importing essential grains and coal to meet market demands. The company specializes in trading fruits, grains, wheat, yellow peas, lentils, chickpeas, corn, and coal, sourcing these commodities from key global markets, including Ukraine, Argentina, France, Brazil, India, the USA, Canada, and Australia. Additionally, coal is imported from Indonesia, South Africa, and other countries.

With a commitment to quality and reliability, AKIJ Commodities Ltd. continuously explores global markets to provide a diverse range of high-quality commodities. The company aims to build long-term partnerships and contribute to the success of its stakeholders.

IT & COMMUNICATION

AKIJ Infotech Limited (AITL)

AKIJ Infotech Limited (AITL) is a powerhouse in Bangladesh's B2B Information and Communication Technology (ICT) sector, driving innovation and efficiency through cutting-edge solutions. As a key entity under AKIJ Resource, AITL has established itself as a leader in ICT product distribution, offering a comprehensive range of solutions tailored to meet the evolving needs of businesses nationwide.

With an extensive nationwide partner network, AITL ensures seamless product delivery, localized support, and expert training programs that empower partners with the knowledge and technical expertise needed to thrive. The company's portfolio features top-tier brands, including Prose Datacom for passive networking equipment, Panasonic Life Solutions for telephony and business solutions, Dahua for security systems, ZKTeco for access control, and DSPPA for professional audio solutions.

Beyond distribution, AITL adds value through pre-sales consultancy, technical support, and specialized training, helping businesses optimize their ICT investments. By prioritizing reliability, efficiency, and innovation, AITL stands as a trusted partner—empowering organizations across Bangladesh to achieve their strategic goals with next-generation ICT solutions.

Why Pick Akij Infotech Limited?

- **B2B Expertise:** Delivering Value to Businesses
- **Extensive Partner Network:** Ensuring Nationwide Reach
- **Diversified Product Portfolio:** A One-Stop Shop for ICT Needs

- **Value-Added Services**

AKIJ BluePill Limited (CRM Service)

AKIJ BluePill Limited (ABPL) is a leading information technology, consulting, and business process services company in Bangladesh. Since its inception in 2014, ABPL has been delivering comprehensive outsourcing and IT solutions to businesses of all sizes.

The company specializes in Business Process Outsourcing (BPO), IT solutions, consultancy services, customer service and support, along with other essential business services.

With deep industry expertise and strong offshore partnerships, ABPL is committed to delivering high-value, cost-effective, and top-quality business process and IT services, helping organizations optimize operations and drive sustainable growth.

FOOD COMMODITIES

AKIJ Essentials Limited

‘Bringing everyday essential foods closer from farm to plate’

AKIJ Essentials Limited (AEL) is the food commodity business unit of AKIJ Resource, committed to delivering the finest products through state-of-the-art manufacturing technology.

Launched in November 2020, Essential embodies its name by providing everyday necessities for the people of Bangladesh. AEL offers a diverse range of staple food products, including various categories of rice, flour, salt, sugar, lentils, spices, and edible oils.

Rooted in Bengali traditions and values, the brand Essential reflects warmth, vibrancy, and a deep connection to its cultural heritage. Today, AEL’s products are trusted by thousands of households across the country, consistently earning consumer admiration for their superior quality.

Beyond serving individual consumers, AKIJ Essentials Limited supplies food commodities to both government and private institutions while steadily expanding into global markets—ensuring excellence in quality and service at every step.

Our principles

- Efficiency: a one-stop solution for all food commodities needs to optimize efficiency
- Sustainability: a reliable source for all necessities year-round
- Flexibility: easily adapts to current and future usage requirements
- Wellbeing: ensuring the supply of the best quality items

Why Essential?

- In-house marine and logistics support helps ensure the availability of high-quality raw materials
- In-house trading and direct contacts with suppliers ensures consistent product quality
- Large distribution network ensuring timely delivery
- Experienced people maintain the process, ensuring quality service.

EXPORT

AKIJ Essentials Export

Since its establishment in 2022, AKIJ Essentials Limited has rapidly emerged as a key player in Bangladesh's food export industry. Our products have gained widespread recognition both locally and internationally, reaching markets across Europe, Asia, the Gulf, and the Americas.

With a diverse portfolio of over 50 products—including beverages, spices, biscuits, and other culinary delights—AKIJ Essentials delivers excellence in every bite. From aromatic rice to traditional sweets like lachcha semai and vermicelli, each product is crafted to perfection, combining superior quality, affordability, and rich flavors. Driven by innovation and a commitment to customer satisfaction, AKIJ Essentials is continuously expanding its global footprint, setting new benchmarks in the food export sector.

AKIJ SHIPPING DIVISION

AKIJ Shipping Line Limited

AKIJ Shipping Line Limited (ASLL) was established in September 2010 with the primary goal of serving as the backbone of the company's operations, providing essential backward linkage support. Today, ASLL stands as a leading dry bulk cargo operator, backed by a highly experienced team from major global shipping houses.

Specializing in the transportation of dry bulk cargo worldwide, ASLL offers a comprehensive range of services, including chartering, trading, ship agency, crew management, and technical management. To enhance operational efficiency and provide swift, personalized support to valued partners across Asia and beyond, ASLL also maintains a strategic secondary office in Singapore to enhance global operations.

With a diverse fleet of modern dry-bulk carriers, ASLL is powered by a team of 750+ skilled professionals, both onshore and offshore. The company operates 10 ocean-going mother vessels and 35 lighter vessels, solidifying its position as a key player in Bangladesh's shipping industry.

ASLL's single-deck bulk carriers, with deadweights ranging from 45,000 MT to 76,000 MT, proudly sail under the names: AKIJ Noor, AKIJ Pearl, AKIJ Moon, AKIJ Ocean, AKIJ Glory, AKIJ Star, AKIJ Globe, AKIJ Heritage, AKIJ Wave, and AKIJ Noble.

With a commitment to excellence, innovation, and operational efficiency, AKIJ Shipping Line Limited continues to navigate the global waters, ensuring reliable and seamless shipping solutions.

Our Services

- Chartering
- Trading
- Ship Agency
- Crew Management
- Technical Management

AKIJ Air

AKIJ Air is a distinguished brand under AKIJ Resource, embodying the group's dedication to excellence and innovation across Bangladesh's industrial and service sectors.

Launched in December 2023, AKIJ Air entered the aviation industry as a full-fledged online travel agency (OTA), setting new standards in quality and service.

With a mission to seamlessly connect Bangladesh with the world, AKIJ Air is committed to delivering top-tier services while driving continuous improvements that benefit society. This dedication aligns with AKIJ Resource's global reputation for exceptional product quality, trusted by millions.

The company envisions becoming the benchmark of customer preference in the aviation sector, reflecting the group's unwavering focus on reliability, cost efficiency, and seamless service distribution.

Beyond a brand, AKIJ Air represents a lifestyle—your trusted partner in excellence.

Our Services

Air Ticket: Booking flights worldwide with options for economy, business, and first-class tickets, including SOTO tickets.

Hotel Booking: Reserving accommodations globally to suit various budgets and preferences.

VISA Support: Assisting travelers in obtaining the necessary documentation for international travel.

Tour Package: Offering comprehensive travel solutions that bundle transportation, accommodation, tours, and more.

Hajj and Umrah Packages: Providing tailored services for Muslims undertaking the Hajj and Umrah pilgrimages.

Medical VISA: Facilitating visas for individuals seeking medical treatment abroad.

Student VISA: Assisting students in securing permits to study overseas.

Why AKIJ Air?

- Comprehensive Travel Services
- Comprehensive Travel Information
- User-friendly Interface
- Competitive Pricing and Discounts
- Reliable Customer Support (24x7)
- Secure Payment Options
- Commitment to Innovation and Sustainability

AKIJ Global Human Placement Limited

AKIJ Global Human Placement Limited (AGHPL) established in 2024, is dedicated to providing ethical and seamless international job placement services. With a strong

emphasis on legal compliance and worker welfare, AGHPL plays a pivotal role in contributing to economic development by connecting skilled professionals with global employment opportunities.

The mission is to ensure a smooth and transparent process for job seekers while safeguarding their rights and well-being at every step. As the organization continues to grow, its primary focus remains on delivering a hassle-free experience for individuals pursuing career advancements abroad, offering unwavering support throughout their journey.

The vision is to become the leading partner in international employment solutions, empowering both clients and job seekers to achieve success. By focusing on the core strengths of its clients, AKIJ Global Human Placement Limited aims to foster long-lasting, productive relationships built on trust, integrity, and professionalism. Through the consistent delivery of exceptional services, the goal is to exceed expectations and guarantee the utmost satisfaction for all stakeholders.

AGHPL is committed to continuous improvement, ensuring that its services evolve to meet the changing needs of society. The ultimate goal is to set the benchmark for reliability, ethics, and impact, becoming the top choice for clients seeking trusted and effective manpower solutions.

AKIJ Logistics Limited

AKIJ Logistics specializes in providing seamless, comprehensive logistics solutions tailored to meet business needs—whether shipping small parcels or managing large-scale bulk shipments. Ensuring the safe, efficient, and reliable delivery of cargo by incorporating a dedicated team and state-of-the-art technology.

Why Choose AKIJ Logistics?

AKIJ Logistics offers more than just logistics; delivering peace of mind. Services are designed to handle every aspect of the supply chain, including:

- **End-to-End Logistics:** From the point of origin to final delivery, the entire process is streamlined for both small parcels and bulk shipments, ensuring timely, secure transit.
- **Door-to-Door Service:** Utilizing cutting-edge technology and industry expertise, shipments are managed with precision, reaching their destination efficiently.
- **Warehousing & Distribution:** Secure, professional warehousing, distribution, and inventory control services keep operations running smoothly.
- **Supply Chain Management & Reverse Logistics:** Expertise extends beyond logistics to full supply chain management, optimizing the flow of goods and handling reverse logistics for returns.
- **Customs Brokerage & Trade Compliance:** Navigating complex customs duties and global trade regulations with expert knowledge, ensuring shipments remain compliant while minimizing delays and costs.

Cargo Management for Airlines

Total Cargo Management (TCM) services cater to airlines across Asia, the Middle East, and Africa, offering comprehensive cargo handling and servicing that ensures smooth operations from start to finish.

Expanding Global Reach

Logistics brokerage services operate in key international markets across SAARC countries, MENA countries, and Far East countries.

With AKIJ Logistics as a partner, you will benefit from a commitment to excellence, innovation, and global reach. Optimize logistics and supply chain operations, ensuring efficiency, reliability, and success on a global scale.

AKIJ Logistics: River & Road Express

AKIJ Logistics takes pride in introducing the cutting-edge River and Road Express Service, designed to make logistics simpler, faster, and more reliable for everyone.

Whether a business or an individual, the seamless transportation network ensures goods are delivered on time, every time.

Imagine a service that combines the speed of road transport with the efficiency of river routes—that's exactly what's offered. The River and Road Express Service is built to handle unique needs, delivering goods quickly and safely, no matter the destination. From industrial supplies to commercial shipments, Akij Logistics has it covered.

What sets the service apart? It's the commitment to customized solutions. Understanding that every business is different, the team tailors services to fit specific requirements. Whether in manufacturing, construction, or retail, the team works closely with clients to ensure logistics run smoothly.

With a strong focus on safety, efficiency, and affordability, Akij Logistics has invested in advanced infrastructure, skilled professionals, and modern equipment to make the experience hassle-free. At Akij Logistics, it's not just about moving goods—it's about building trust and delivering peace of mind.

PACKAGING SOLUTIONS

AKIJ Poly Fibre Industries Limited

The demand for poly fibre bags is rapidly increasing, particularly in the cement, fertilizer, and poultry sectors, driving the need for high-quality and reliable packaging solutions.

To meet this growing demand, AKIJ Poly Fibre Industries Limited (APFIL) formally commenced its journey in 2006 with the establishment of Unit-1.

By 2009, APFIL began commercial production with an initial monthly capacity of 4 million bags. As the market continued to expand, Unit-2 was introduced in 2017, increasing production capacity by an additional 4.5 million bags per month.

APFIL offers a range of premium-quality poly fibre bags, including AD*STAR (Valve Sack), Raffia Bag, and Stitch Bag—all of which can be customized in terms of length, width, and weight to meet customer specifications. Ensuring top-tier quality, APFIL is equipped with a state-of-the-art laboratory featuring advanced testing equipment such as a tensile strength tester, MFI tester, and air permeability tester.

As a pioneering force in the AD*STAR bag industry, APFIL leverages cutting-edge technology and machinery from Starlinger, the global leader in woven plastic sack production. With an unwavering commitment to excellence, innovation, and customer satisfaction, APFIL continues to set new benchmarks in the industry.

Our Products

- AD*STAR Bag / Valve Sack (customizable)
- Raffia Bag (customizable)
- Stitch Bag (customizable)

Why APFIL?

- Best quality raw materials
- World class latest machinery
- Modern laboratory facility with latest equipment
- In-house logistics support

ANIMAL FEED

AKIJ Feed

AKIJ Feed embarked on its journey in 2024 under the name AKIJ Agro Feed Limited, with a bold vision to revolutionize the feed industry. By leveraging cutting-edge European technology and premium recipes, the company has swiftly established itself as a trusted leader in the sector.

Guided by a commitment to incorporating and maintaining best practices in smart systems and sustainable development, AKIJ Agro Feed Limited (AAFL) also oversees AKIJ Agro Sheba and AKIJ Dealer Khata Apps under the supervision of AKIJ Agro Tech.

AKIJ Agro Feed boasts an impressive portfolio of 59 SKUs and a production capacity of 45 metric tons per hour. The company has consistently prioritized the production of nutrient-rich, high-quality feed, earning the trust and loyalty of a growing customer base.

Specializing in three primary categories—Poultry, Cattle, and Fish Feed—AKIJ Agro Feed meticulously crafts each product to meet unique nutritional requirements and deliver exceptional results.

Fish Feed

AKIJ Agro Feed produces specialized feed for a wide variety of fish, including pangas, tilapia, carp, koi, singh, magur, pabda, gulsha, shrimp, and more. Its carefully balanced formulations ensure rapid growth, optimal health, and high nutritional value, empowering fish farmers to achieve outstanding outcomes.

Poultry Feed

The poultry feed range is designed to cater to the needs of broilers, layers, and sonali/cock feed. Crafted with premium ingredients, the feed supports proper growth, ensures healthy and productive poultry, and optimizes egg production, enabling farmers to maximize their yields.

Cattle Feed

AKIJ Agro Feed's cattle feed unit focuses on producing high-nutrition feed for cows, bulls, calves, buffaloes, and more. Its advanced formulations enhance milk production, improve beef quality, and promote the overall health and well-being of the animals.

AKIJ Agro Feed stands at the forefront of the feed industry by integrating state-of-the-art technology, emphasizing sustainability, and leveraging innovative Apps like AKIJ Agro Sheba and AKIJ Dealer Khata. Through its high-quality, innovative products, the company empowers farmers and contributes to a healthier, more sustainable future for all.

CONSTRUCTION

AKIJ Asphalt

AKIJ Asphalt is committed to providing comprehensive construction-based solutions in Bangladesh.

The journey of AKIJ Asphalt began in December 2022 with the intent of delivering high-quality asphalt to its customers.

Asphalt is a mixture of aggregates, such as crushed stone, sand, and gravel, combined with a binder known as bitumen. It is widely used for road construction and maintenance due to its desirable properties.

AKIJ Asphalt enhances the flexibility, resilience, and longevity of road surfaces. It is also known for its binding capabilities, making roads more resistant to heavy traffic loads and harsh weather conditions.

With a strong emphasis on customer satisfaction, AKIJ Asphalt adopts a service-oriented approach, ensuring complete road construction solutions for its clients.

Why AKIJ Asphalt?

- AKIJ Asphalt guarantees high-quality products that meet customer demands
- The majority of raw materials are sourced from inside domains, ensuring on-time delivery
- Active involvement in major construction projects and infrastructure development initiatives
- Customers receive technical advice and assistance from knowledgeable employees

AKIJ Bitumen

AKIJ Bitumen began its operations in July 2023, aiming to provide RoadWorks solutions in the Bangladesh market.

The construction industry commonly uses bitumen as a binder in asphalt mixtures for road building because of its waterproofing and adhesive properties, which give road surfaces flexibility and durability while enduring heavy traffic loads and weathering impacts.

AKIJ Bitumen concentrates on importing high-quality bitumen from reputable sources in the UAE, which serves as the primary raw material for asphalt production.

Service orientation and customer satisfaction are central to the brand, reflecting the company's commitment to delivering comprehensive construction solutions.

Why AKIJ Bitumen?

- ☒ AKIJ Bitumen ensures high-quality products as per customer demand.
- ☒ Effective communication with foreign refineries
- ☒ Ensures on-time delivery
- ☒ Active participation in major construction projects and infrastructure development initiatives
- ☒ Provides technical guidance and support to the customers

AKIJ Automobile

Lubricant Brand: BENZOL

AKIJ Resource started its business in the petroleum sector by importing one of the leading names in the lubricant industry, the German brand Benzol lubricants, at the beginning of 2024.

As a key part of AKIJ Resource's retail division, BENZOL lubricants is poised to fulfill the rising demand for top-quality lubricant oils in the Bangladesh market.

BENZOL Lubricants does business in more than 80 countries around the world, making it a truly international brand with premium quality. They have achieved accreditations from the European Engine Lubricant Quality Management System (EELQMS), ISO 9001-2015, ISO 14001-2015, and ISO 45001-2018 for production.

BENZOL also has prestigious industry approvals such as ACEA, API, JASO, ECAS, and OEM approvals from internationally well-known manufacturers such as Mercedes-Benz, Volkswagen, Volvo, Renault, MAN, Caterpillar, and Mack.

Why BENZOL?

- ☒ German Brand
- ☒ Produces high-performance products for engines and machineries
- ☒ AKIJ Resource is the exclusive distributor of Benzol
- ☒ Top Notch Laboratory Facility
- ☒ Obtains the majority of required OEM certifications
- ☒ Doing business in more than 80 countries
- ☒ Ensures on-time delivery with the help of an efficient team
- ☒ A wide range of products ensures customer satisfaction

MEDIA & PR

Bandhan

Bandhan is not just a magazine—it's a movement. As Bangladesh's premier online platform, we are dedicated to shaping the future of Engineering, Architecture, Construction, Urban Planning, Interior Design, and Environmental Innovation.

Published by Akij Broadcast Media Ltd., Bandhan is more than a publication—it's a bridge connecting global advancements with local expertise.

Since our inception in December 2008, we have proudly published 169 groundbreaking issues, earning the trust of builders, engineers, architects, and industry leaders nationwide.

In August 2024, we turned a new page in our story, transitioning from print to a fully digital platform. This bold step reflects our commitment to innovation and sustainability, ensuring we remain at the forefront of the industries we serve.

From showcasing cutting-edge technologies and sustainable construction materials to highlighting architectural marvels and sharing expert insights, Bandhan empowers professionals to stay ahead of the curve.

Previously distributing 12,000 free copies monthly to engineers, universities, real estate firms, and government bodies, we have now embraced the digital revolution to amplify our reach and impact.

AKIJ Broadcast Media Ltd.

AKIJ Broadcast Media Limited is a visionary initiative by Akij Resource, aimed at transforming Bangladesh's media landscape through innovation and integrity.

Launched on November 1, 2024, we are proud to introduce Hello Bangladesh, a premier online news portal, and Bandhan, a specialized magazine dedicated to architecture, engineering, urban planning, and environmental innovation.

Hello Bangladesh serves as your gateway to authentic, high-quality news and multimedia content that meets global standards. From breaking global headlines and technological advancements to cultural narratives and historical explorations, we deliver a diverse array of stories designed to inform, engage, and inspire.

Our mission is to redefine digital journalism by combining innovative storytelling with immersive technology. Through thought-provoking documentaries, in-depth features, and visually stunning content, we aim to connect with a global audience while celebrating Bangladesh's rich heritage and dynamic progress.

Our Commitment to You

- **Unbiased & Ethical Journalism:** We uphold the highest standards of truth, accuracy, and transparency.
- **Innovative Storytelling:** We harness cutting-edge technology to create captivating and immersive experiences.
- **Global & Local Perspectives:** We bridge Bangladesh's stories with the world, fostering a deeper understanding of our interconnected realities.
- **Reader-Centric Approach:** Your trust is our driving force, and we are committed to delivering excellence in every story we tell.

Business Consultancy

AKIJ Consulting Limited

AKIJ Consulting Limited enters the market in 2025 with a bold vision to become a trusted partner and a leading consultancy firm, empowering businesses, governments, and institutions to achieve sustainable growth and operational excellence.

As a key component of Akij Resource, we blend local expertise with global tools to deliver innovative, data-driven solutions that meet the evolving needs of today's marketplace. AKIJ Consulting Limited (ACL) is committed to ethical practices, holistic approaches, and impactful results.

Our core services span a diverse range of areas, including:

- **Business Strategy Consultancy:** We design comprehensive solutions for corporations, SMEs, and startups to tackle unique challenges.
- **Business Process Outsourcing (BPO):** We streamline HR, finance, and IT operations to enhance efficiency and reduce costs.
- **Economic & Policy Dialogue:** We facilitate informed discussions and support the development of regulatory frameworks for governments and development organizations.
- **Operations & Turnaround Management:** We revitalize the manufacturing and retail sectors by optimizing performance and implementing strategic improvements.
- **Learning & Growth:** We drive corporate training and leadership development initiatives to build resilient and future-ready organizations.

AKIJ LifeCare Limited

AKIJ Pharmacy

AKIJ Pharmacy, the flagship brand of AKIJ LifeCare Limited (ALCC), is a leading healthcare provider dedicated to delivering quality, innovation, and care. It began operations in January 2025 and aims to offer a comprehensive range of services, including prescription and over-the-counter (OTC) medicines, alternative medicines, wellness products, core FMCG items, and expert medical advice.

At AKIJ Pharmacy, trust, quality, accessibility, and innovation are the core values that drive us to exceed expectations. We are committed to empowering individuals to lead healthier lives. The company ensures that every product meets the highest safety standards, while its customer-centric approach provides personalized guidance to help individuals achieve better health outcomes. By maintaining a strong retail presence and a seamless online platform, we make healthcare accessible and convenient for all.

AKIJ Pharmacy is redefining the healthcare experience by embracing cutting-edge technology and maintaining an unwavering commitment to excellence.

AKIJ Light Engineering Limited

AKIJ Light Engineering Limited is a forward-thinking and innovative company, established in 2024, with a vision to redefine quality and reliability in its industry. Under its flagship brand - “***Enovar***”, the company is gearing up to make its mark by offering a diverse range of high-quality products, including electrical lighting & accessories, home appliances, building materials, hardware tools etc.

With a focus on sustainability and excellence, we’re committed to providing solutions that blend seamlessly into everyday life, making it smarter, easier, and more efficient. We aim to create products that not only meet but exceed expectations, ensuring a positive impact on the lives of our customers and the world around us.

What truly sets us apart is our culture, built on a foundation of core values: Positivity, Teamwork, Ownership, Customer Centricity, and Service Orientation. These principles guide every decision we make and every action we take. Our goal is simple yet ambitious—to become the industry’s gold standard, the go-to choice for customers who value quality, innovation, and trust.

Behind our success there is a passionate and driven leadership team, committed to pushing boundaries and delivering exceptional value. We believe in putting our customers first, embracing innovation and maintaining unwavering standards of quality. Whether you are a homeowner, a builder or a business professional, we are here to provide solutions that work for you.

Corporate Sustainability Profile

We, at AKIJ Resource, promote the essence of sustainable business. AKIJ Resource works tirelessly to responsibly conduct business and is committed to achieving business excellence through adopting the triple bottom line concept of profit, people, and the planet to recognize and evaluate financial, social, and environmental impact and performance continually.

AKIJ Resource developed a well-structured and well-defined sustainable business strategy. The goals and objectives are fully compatible with the strategic direction and the context.

To accomplish the objective, AKIJ Resource promotes the utmost utilization of resources and all initiatives, especially the highest priority on quality, social, ethical, environmental, health and safety, food safety, technical or security compliance, and sustainability.

AKIJ Resource intends to work closely with valued customers, suppliers, and business partners to reduce their risks, improve the transparency of the supply chain, and also encourage the establishment of effective internal systems to accomplish sustainability.

AKIJ Resource also makes every effort to create long-term business value with the engagement of all employees, the community, society, the environment, and other stakeholders who feel respected, safe, and loyal.

The Essence

- Prohibition of discrimination and fair disciplinary practices
- Health and Safety: Working conditions are safe and hygienic
- Worker Participation Committee: Ensuring Worker Participation
- Environment Protection
- Ensure Security
- Integrated Management Systems (IMS): Establish IMS

Financial Performance Overview

AKIJ Resource stands as a beacon of financial excellence, continually proving its resilience and strategic foresight as one of Bangladesh's most diversified and dynamic conglomerates.

Annual Revenue: With annual revenues exceeding BDT 10,000 crore, our robust topline reflects the vast scale of our operations and our ability to penetrate multiple key sectors. These include cement, steel, ready-mix concrete, logistics, trading, packaging, IT, media, and agriculture—each contributing to our sustainable growth.

Compound Annual Growth Rate (CAGR): Over the past 5 years, AKIJ Resource has sustained an impressive double-digit CAGR, a testament to our ability to scale efficiently and optimize operations, consistently outpacing industry averages.

EBITDA Margin: Our commitment to profitability is reflected in our consistently healthy EBITDA margins across all Strategic Business Units (SBUs). Each SBU not only drives financial growth but also contributes meaningfully to our overall operational success and market leadership.

Debt-Equity Ratio: We maintain a prudent 1:1 debt-to-equity ratio, balancing strategic investments with financial discipline. This ensures a solid foundation for scaling technology, infrastructure, and talent, positioning us for long-term success.

Strategic Banking Partnerships: Our strong financial reputation is underpinned by enduring relationships with over 10 top-tier financial institutions, including:

- Standard Chartered Bank (SCB)
- HSBC
- Commercial Bank of Ceylon (CBC)
- Eastern Bank Limited (EBL)
- Prime Bank
- Jamuna Bank
- City Bank
- Mutual Trust Bank Limited (MTBL)

- Dutch-Bangla Bank Limited (DBBL)
- BRAC Bank

Partnerships are crucial in fueling our operations and driving growth through tailored financial solutions and expert advice. With a solid balance sheet and disciplined financial management, AKIJ Resource is poised to invest in green technologies and global expansion, delivering strong returns while safeguarding liquidity and maximizing shareholder value. Looking ahead, we remain committed to innovation, operational excellence, and sustainable growth, reinforcing our position as a trusted partner for investors and stakeholders both in Bangladesh and globally.

Business Profile: Managing Director and Chairman

Managing Director

Sheikh Jasim Uddin is an accomplished business leader with over two decades of experience in driving growth, innovation, and strategic business operations. As the Managing Director and CEO of AKIJ Resource, Sheikh Jasim Uddin has successfully led the company to become one of Bangladesh's most respected conglomerates.

Under his leadership, AKIJ Resource has expanded into sectors such as building materials, food commodities, agriculture, and steel, generating an annual revenue of USD 1 billion.
